Contents Volume 35

Number 1

The *International Journal of Cardiology*: old traditions and new directions, *D.P. de Bono (UK)* vii

REVIEW

Neuropeptides and the conduction system of the heart, *L. Corr (U.K.)* 1

ORIGINAL STUDIES

CARDIOLOGY IN THE YOUNG

Balance of prostacyclin and thromboxane in offspring of parents with premature coronary arterial disease, *K. Mihai, J. Pető, É. Kolthay, A. Makáry and S. Timár (Hungary)* 13

Left ventricular mass and function in children with severe protein energy malnutrition, *S.S. Kothari, T.M. Patel, A.N. Shetalwad and T.K. Patel (India)* 19

Early identification of patients at risk for sinus node dysfunction after Mustard operation, *F. Drago, A. Turchetta, A. Calzolari, S. Giannico, S. Marianeschi, R. Di Donato, D. Di Carlo, P. Ragonese and C. Marcelletti (Italy)* 27

CARDIOVASCULAR SURGERY

Identification of recurrent ischemia after coronary artery bypass surgery: a comparison of positron emission tomography and single photon emission computed tomography, *T.H. Marwick, A. Lafont, R.T. Go, D.A. Underwood, G.B. Saha and W.J. MacIntyre (USA)* 33

CLINICAL CARDIOLOGY

Reliability in the interpretation of the course of serum enzyme concentration changes in suspected acute myocardial infarction, *T. Gjørup, H. Kelbæk, F. Sørensen and L. Stenbygård (Denmark)* 43

A comparison of dobutamine infusion and exercise during radionuclide ventriculography in the evaluation of coronary arterial disease, *V.K. Bahl, R.S. Vasan, A. Malhotra and H.S. Wasir (India)* 49

Significance of plasma fibrinogen in coronary arterial disease: marker or causative risk factor for arterial thrombosis?, *I.B. Kovacs, C.P. Ratnatunga, C.D. Ridler, P. Görög, S.J. Edmondson and G.M. Rees (UK)* 57

Circadian variation of ischemic threshold in patients with chronic stable angina, *H. Kishida, N. Fukuma and T. Saito (Japan)* 65

Nutritional factors and heart failure in Nigerians with hypertensive heart disease, *J.O.B. Olubodun (Nigeria)* 71

Efficacy and safety of short intravenous amiodarone in supraventricular tachyarrhythmias, *G. Vietti-Ramus, F. Veglio, U. Marchisio, P. Burzio and R. Latini (Italy)* 77

Fish oil supplements for prevention of restenosis after coronary angioplasty, *U. Kaul, S. Sanghvi, V.K. Bahl, V. Dev and H.S. Wasir (India)* 87

HYPERTENSION

Low incidence of cardiac hypertrophy in essential hypertensives with no retinal changes, *V. De Leonardis, A. Becucci, M. De Scalzi and P. Cinelli (Italy)* 95

PATHOLOGY

Preservation of the myocardial collagen framework by human growth hormone in experimental infarctions and reduction in the incidence of ventricular aneurysms, *H.E. Castagnino, F.A. Toranzos, J. Milei, V. Weiss, R. Beigelman, M.I. Sarchi, C.A. Bordenave and R. Azcoaga (Argentina)* 101

BRIEF REPORTS

Skin thickening and sensory loss of the feet during diltiazem therapy, *R. Ilia, B. Goldfarb and M. Gueron (Israel)* 115

Total recovery of left ventricular function after acute myocardial infarction: comprehensive

therapy with streptokinase, N-acetylcysteine and percutaneous transluminal coronary angioplasty, *J. Šochman and J.H. Peregrin (Czechoslovakia)* 116
Reversibility and benign recurrence of complete heart block in athletes, *J.P. Cooper, A.G. Fraser and W.J. Penny (U.K.)* 118
Coronary arterial disease in patients with severe isolated aortic stenosis, *J.C. García-Rubira, V. López and J. Cubero (Spain)* 121
Successful transcatheter closure of patent arterial duct six years after balloon dilatation of coarctation of the aorta, *O. Galal, F. Al-Fadley and N. Wilson (Saudi Arabia)* 123
Worsening heart failure in a case of rheumatic heart disease – the hypocalcaemic link, *R. Goswami, A. Gurtoo and S.K. Agarwal (India)* 126
Total disruption of left atrial myxoma causing a cerebral attack and a saddle embolus in the iliac bifurcation, *U.H. Eriksen, U. Baandrup and B.S. Jensen (Denmark)* 127

LETTER TO THE EDITOR

Not all myocardial infarctions are alike in China, *T.O. Cheng (USA)* 131
Reply, *K.S. Woo (Hong Kong)* 131

BOOK REVIEWS

Cardiology – an illustrated text, *edited by K. Chatterjee et al., reviewed by R.H. Anderson* 133
Epilepsy and sudden death, *edited by C.M. Lathers and P.L. Schraeder, reviewed by J. Hewertson and D. Southall* 133

Meetings and Courses 135
Information for Authors 139

Number 2

Editor's Note 141

EDITORIAL

Coronary angioplasty versus excisional atherectomy trial: CAVEAT, *D.R. Holmes, Jr., K.N. Garratt and E.J. Topol (USA)* 143

ORIGINAL STUDIES

CARDIAC CATHETERIZATION AND INVASIVE TECHNIQUES

High-risk coronary angioplasty with elective intra-aortic balloon pump support, *I. Kreidieh, D.W. Davies, R. Lim, A.W. Nathan, D.S. Dymond and S.O. Banim (UK)* 147

CARDIOLOGY IN THE YOUNG

The infundibular interrelationships and the ventriculoarterial connection in double outlet right ventricle. Clinical and surgical implications, *M.V. De la Cruz, R. Cayré, O. Arista-Salado Martinez, S. Sadowinski and A. Serrano (Mexico, Cuba)* 153
Usefulness of oral sotalol for the treatment of junctional ectopic tachycardia, *P. Maragnès, A. Fournier and A. Davignon (Canada)* 165

CARDIOVASCULAR SURGERY

Mitral valve replacement in patients with severe mitral regurgitation and impaired left ventricular function, *T.K. Kaul, D.R. Ramsdale, D. Meek and J.L. Mercer (UK)* 169

CLINICAL CARDIOLOGY

The preexcitation syndrome: epidemiological and genetic study, *Z. Duraković, A. Duraković and A. Kastelan (Yugoslavia, USA)* 181
Spectrum of right-sided infective endocarditis: an Indian experience, *V.K. Bahl, R.S. Vasan, P. Jain and S. Shrivastava (India)* 187
Clinical profile of concealed form of arrhythmogenic right ventricular cardiomyopathy presenting with apparently idiopathic ventricular arrhythmias, *A. Nava, G. Thiene, B. Canciani, B. Martini, L. Daliento, G. Buja and G. Fasoli (Italy)* 195
Editorial Note: Further information concerning right ventricular dysplasia or right ventricular cardiomyopathy, *F. Fontaliran (France)* 207

ELECTROPHYSIOLOGY

Electrophysiologic studies in patients with unexplained syncope, *A.R. Denniss, D.L. Ross, D.A. Richards and J.B. Uther (Australia)* 211

HYPERTENSION

Epidemiology of isolated systolic hypertension in Pu-Li, Taiwan, *P. Chou, C.-H. Chen, H.-H. Chen and M.-S. Chang (ROC)* 219

IMAGING

Gated technetium-99m methoxy-isobutylisonitrile perfusion imaging, *P.G. Avery, N.M. Hudson and P.J.B. Hubner (UK)* 227

The use of transoesophageal echocardiography for detecting early recurrence of atrial myxoma, *D.A. Waller, P.J. Scott, R. Essop, D.F. Ettles, N.R. Saunders and G.J. Williams (UK)* 235
Relationship between angiographic infarct size and left ventricular filling, *R. Cranswick, R. Davis, M. Jones and S.N. Hunyor (Australia)* 241

PATHOLOGY
Coronary vascular and myocardial lesions due to experimental constriction of the abdominal aorta, *M.A.M. Rodrigues, E.A. Bregagnollo, M.R. Montenegro and P.J.F. Tucci (Brazil)* 253

BRIEF REPORTS
Enormous right coronary arterial aneurysm in a patient with type IV Ehlers-Danlos syndrome, *U.H. Eriksen, N.A. Aunsholt and T.T. Nielsen (Denmark)* 259
Anomalous origin of the left main coronary artery from the ascending aorta above the "non-facing" sinus of Valsalva, *R. Ilia and M. Gueron (Israel)* 262
Aortic dissection following transluminal angioplasty of the thoracic aorta in nonspecific aortoarteritis, *S. Sharma, A.K. Gupta and V. Dev (India)* 264
Multinucleated myogenic giant cell formation: an unusual cellular reaction in acute myocardial infarction, *L.T.-c. Chow and W.-h. Chow (Hong Kong)* 268
Stress MIBI scintigraphy in multiple coronary-pulmonary fistula: failure to demonstrate "steal" phenomenon, *S.A.M. Said, J.J.J. Bucx and F.A. Van de Weel (Netherlands)* 270
Distal ductal origin of the right pulmonary artery: prospective diagnosis and primary repair in infancy, *N. Sreeram, A. Asante-Korang and E. Ladusans (UK)* 272
Failure of subclavian venepuncture: the internal jugular vein as a useful alternative, *S.A.M. Said, J.J.J. Bucx and C.M. Stassen (Netherlands)* 275
Antiadrenergic cardiovascular adverse effects of high-dose amiodarone loading regimen, *G. Steurer, H. Schmidinger and B. Frey (Austria)* 278

LETTERS TO THE EDITOR
Why is cheese safe for the coronary arteries?, *J.J. Segall (UK)* 281
Reply, *S. Seely (UK)* 281
Peripartum cardiomyopathy, *K. Prasad and N. Sinha (India)* 283
Reply, *A.G. Ravikishore and U.A. Kaul (India)* 283

BOOK REVIEWS
Textbook of Internal Medicine, *edited by W. Kelley, reviewed by A. Bush* 285
Atherectomy, *edited by D.R. Holmes and K.N. Garatt, reviewed by A.H. Gershlick* 285

Meetings and Courses 287
Information for Authors 291

Number 3

REVIEWS
The ST segment – the herald of ischaemia, the siren of misdiagnosis, or syndrome X?, *D.R. Holdright, G.M.C. Rosano, P.M. Sarrel and P.A. Poole-Wilson (UK, USA)* 293
Parathyroid hormone and genetic hypertension, *R. Schleiffer (France)* 303

ORIGINAL STUDIES

CARDIOLOGY IN THE YOUNG
Optimum sampling time for detection of dental bacteraemia in children, *G.J. Roberts, P. Gardner and N.A. Simmons (UK)* 311
Thrombolysis with tissue-type plasminogen activator following cardiac surgery in children, *A. Asante-Korang, N. Sreeram, R. McKay and R. Arnold (UK)* 317

CARDIOVASCULAR RESEARCH
Effects of dietary supplementation with fish oil on atherosclerosis and myocardial injury during acute coronary occlusion-reperfusion in diet-induced hypercholesterolemic rabbits, *M.-F. Chen, Y.-T. Lee, H.-C. Hsu, P.-C. Yeh, C.-S. Liau and P.-C. Huang (Taiwan)* 323
Dependence of peak dP/dt and mean ejection rate on load and effect of inotropic agents on the relationship between peak dP/dt and left ventricular developed pressure – assessed in the isolated working rat heart and cardiac muscles, *T. Konishi, Y. Nakamura, I. Kato and C. Kawai (Japan)* 333

CLINICAL CARDIOLOGY

Acute effects of intravenous phosphodiesterase inhibition in chronic heart failure: simultaneous pre- and afterload reduction with a single agent, *J. Nolan, A. Sanderson, F. Taddei, S. Smith and A.L. Muir (UK)* **343**

Nonconditional logistic regression analysis of risk factors in rheumatic heart disease, *D. Xiwei, R. Xingwu and Z. Yu (China)* **351**

How long should high-risk patients with acute anterior wall myocardial infarction be monitored?, *L. Bouwels and D. Hertzberger (Netherlands)* **355**

The management and outcome of late post-infarct ventricular tachycardia presenting to a district general hospital, *S.J. Bourke, G. Terry, J.M. McComb, J.P. Bourke, S.S. Furniss and R.W.F. Campbell (UK)* **365**

Clinical characteristics of acute myocardial infarction in patients with Chagas' disease, *R.B. Bestetti, M.T. Ariolli, J. Luis do Carmo, A.D.C. Passos, C.R.F. Santos, O. Machado Jr., N.K. Costa and R. Brandt de Oliveira (Brazil)* **371**

Xamoterol in hypertrophic cardiomyopathy: effects on diastolic function and heart rate, *D.M. Gilligan, R. Stewart, W.L. Chan and C.M. Oakley (UK)* **377**

HYPERTENSION

The application of nebivolol in essential hypertension: a double-blind, randomized, placebo-controlled study, *T.Y.K. Chan, K.S. Woo and M.G. Nicholls (Hong Kong)* **387**

IMAGING

The Hatle orifice area formula tested in normal bileaflet mechanical mitral prostheses, *J. Chambers, P. Deverall, G. Jackson and E. Sowton (UK)* **397**

BRIEF REPORTS

Choriocarcinoma presenting as intracavitary tumor in the left atrium, *A.G.R. Kishore, N. Desai and G. Nayak (India)* **405**

Aberrant systemic artery-pulmonary venous fistula: diagnosis with Doppler imaging, *A. Robida, E.A. Eltohami and A. Chaikhouni (Qatar)* **407**

Primary leiomyosarcoma of the pulmonary trunk, *L. Disler and P. Manga (South Africa)* **412**

Cross-sectional echocardiographic diagnosis of a congenital aneurysm of the muscular interventricular septum, *J.C. Mohan and P. Kumar (India)* **415**

Endarteritis of the aortic arch in Turner's syndrome with cystic degeneration of the aorta, *T. Apostolopoulos, M. Kyriakidis and P. Toutouzas (Greece)* **417**

Extensive calcification of pulmonary arteries with left-to-right shunting across the arterial duct, *K. Prasad, S. Radhakrishnan and N. Sinha (India)* **419**

Acute myocardial infarction in two young male users of cocaine treated with thrombolytic therapy, *J.C. García-Rubira, H. Badiola and F. Marcos (Spain)* **422**

Pulmonary arterial aneurysms, *P. Vaideeswar and J.R. Deshpande (India)* **424**

Guillain-Barré syndrome following cardiopulmonary bypass, *J.C. Hogan, T.P. Briggs and P.J. Oldershaw (UK)* **427**

BOOK REVIEWS

Transoesophageal Echocardiography in Clinical Practice, 1st ed., *by G.R. Sutherland et al., reviewed by C.A.M. Pinto* **429**

Myocardial Protection: the Pathophysiology of Reperfusion and Reperfusion Injury, *edited by D.M. Yellon and R.D. Jennings, reviewed by D. de Bono* **429**

Meetings and Courses **431**

Information for Authors **434**

Contents Volume 35 **436**

Subject Index Volume 35 **440**

Author Index Volume 35 **448**
